You will receive a bag of fresh produce that includes several of the most popular fruits and vegetables that are in season for each week such as Tomatoes, Potatoes, Lettuce, Cucumber, Carrots, Broccoli, Spinach, Berries, Peaches, Apples. The average value of the bag will be approximately \$10-15 and the cost to you for all 8 weeks is a one-time payment of \$24.

After acceptance into the program and payment, you will receive your bag of fresh produce outside your door each week on Thursday afternoon by 4pm. Our delivery driver will knock on the door or ring the bell to alert you that the produce has arrived. If there is no answer, our driver will leave the bag by the door.
