

Community Table

Information & Guidelines

What is the Community Table?

Each week, we host local organizations to come to the market, share their information, and interact with market goers.

This is a great opportunity for non-profits and other community-oriented organizations looking to engage the Medford community – if you have an event coming up, are looking for volunteer power, or simply want to raise awareness about your organization.

What should my organization bring to the Market?

- We provide a tent, table, & chairs for the Community Table, but how you decorate and present the table is up to you.
- Interactive activities are encouraged! We find the most effective tables engage market goers by providing an activity (especially if it's fun for kids).
- Giveaways are fun! We also find market goers enjoy getting free stickers, pens, etc to take home.

What are your Community Table Policies?

- Selling is not permitted at the Community Table.
- Community Tables for politically or religiously affiliated organizations or individuals are not permitted.
- We are a rain or shine market, but safety is our priority. We will communicate as needed if there is thunder or other dangerous weather in the forecast.
